## Texas Success Initiative Assessment Score Report

### What is the TSIA2?

The TSI Assessment 2 (TSIA2) is an assessment that determines if you are ready for college-level course work in the general areas of reading, writing, and mathematics. This program also will help determine what type of course or intervention will best meet your needs to help you prepare for college-level course work if you are not ready.

**What do the scores mean?** Tests are divided into sections. The first section on both ELAR and Math is the College Readiness Classification (CRC), which is multiple choice. Students who do not score highly enough on the CRC will be given the Diagnostic section, which is a second opportunity to pass the test. ELAR testers will also take the WritePlacer essay.

### How To View Scores Online and Send Them to Your Schools:

1. Go to [www.accuplacer.org](http://www.accuplacer.org)
2. Click "Information for Students", then "Your ACCUPLACER or TSIA2 Score Report"
3. Your Student ID will be your TSDS ID # (at the top of this sheet). The Student Institution is Fort Bend ISD.
4. You will be emailed a link to view and print your results. If you did not change your email as instructed, you will not receive your results as Accuplacer will not send to a FBISD student email. See Mrs. J to change your email address
5. If you are attending HCC or PVAMU, scan the QR code below for instructions on completing the cross-institutional permission form
6. Do not contact RPHS for your scores. RPHS cannot and will NOT send scores to a college. You must use Accuplacer or the cross-institutional request form to send them. Take a photo of this page in case you misplace it

**For Frequently-Asked Questions and to access the cross-institutional request forms for HCC and PVAMU, please scan the QR code to the right to visit the RPHS CCR TSI website.**
