Fort Bend ISD Child Nutrition Department
Dietary Accommodations Information

DOCUMENTATION

To obtain special diet accommodations for a student, the Fort Bend ISD Child Nutrition Department Request for Dietary Accommodations form shall be completed and signed by a physician or recognized medical authority.

Per the United States Department of Agriculture and Texas Department of Agriculture, the following information is **required** in order to provide accommodations:

Children with Disabilities

Identification of the student as having a disability (physical or mental impairment)

Explanation of why the disability restricts the child's diet

The major life activities affected by the disability

The medical diagnosis

Foods to be omitted

Food or choice of foods that must be substituted

The FBISD Child Nutrition Department shall not accept incomplete forms; please note if documentation received is incomplete or requires further clarification, dietary accommodations shall not begin until all information is provided. Notes written by parents or Request for Dietary Accommodations form without a physician or medical authority's signature are not approved forms of documentation and shall not be accepted. Please note the school nurse will have additional forms that will need to be filled out. The Child Nutrition Department cannot accept Food Allergy Action Plans or Student Health Questionnaires as documentation. These forms are for the school nurse and do not contain all the USDA/TDA required information for the cafeteria.

Changes to existing dietary accommodations and the alert on a student's account shall not be removed or changed without documentation in writing from a parent/guardian or physician. If any accommodation currently in place needs to be removed, the Child Nutrition department requires a completed Dietary Accommodations Discontinuation to be submitted. A new Request for Dietary Accommodations form **does not** need to be submitted each school year **unless** there are any changes.

TIME FRAME

Dietary accommodations may take up to 2-4 weeks to process, especially at the beginning of the school year. Students will continue to receive a regular meal tray during this time.

ALLERGEN INFORMATION

Specific food substitutions shall only be made for students with a disability and/or food allergy as listed by the physician.

Fort Bend ISD Child Nutrition Department does not monitor allergens for any a la carte purchases made by students.

Although the Fort Bend ISD Child Nutrition Department attempts to be completely nut-free, some products may carry an advisory statement such as "processed in facility" or "may contains...". Therefore, the department is Nut-Cautious and please refer to the allergen chart posted online for specific product details. <http://www.fortbendisd.com/Page/218>

Fort Bend ISD Child Nutrition Department makes every attempt to identify ingredients that may cause reactions in people with food allergies. Allergen information posted is based on information that Fort Bend ISD Child Nutrition Department currently has on file. Allergen information is subject to change based on manufacturers and Fort Bend ISD is not always notified of these changes.

SCHOOL MEAL INFORMATION

Potable water (non-bottled) is available daily in all cafeterias at no charge.

Students in grades 1-12 participate in "Offer vs. Serve" and are required to select three components, including a vegetable or fruit, as part of their reimbursable meal. All other components are selected at the discretion of the student.
