SELECT A CHALLENGE

OPTION I:

Marshmallow Structure Challenge: Use your inventiveness to build a winter home using just marshmallows. Start with a solid base and build up and out from there! You should begin with a good design (blueprint), the right amount of marshmallows, a solid base, and basic engineering skills. Upon completion, post a video showcasing your finished product.

OPTION II:

Winter Photo Challenge: Use your creativity to capture images that inspire you during the winter season. For 10 days, enjoy what the winter season has to offer by capturing at least 10 winter themed photos that inspire you. Create a Powerpoint presentation sharing your winter photos. Post a video showcasing your finished product.

OPTION III:

Creative Imagination Challenge: Use your imagination to build a reindeer using a variety of sticks/branches that you collect from outside. Your reindeer must stand at least 2 feet tall. Be sure to Post a video showcasing Your finished product.

Reminders

- Don't forget to create a short (2-3 minute) video sharing your final product.
- Email your name, campus, grade level and video submissions to GTFBISD@fortbendisd.com by **Friday, January 13, 2023**.
