Off Campus PE Application

In accordance with local district policy, a school district may award physical education credit for appropriate private or commercially sponsored physical activity programs conducted on or off campus. The district must apply to the commissioner of education for approval of such programs, which may be substituted for state graduation credit in physical education as per Texas Administrative Code (TAC), Chapter 74, Subchapter F. All programs and activities are approved by the Board of Trustees to be of exceptional quality.

The Off-Campus Physical Education Program is a cooperative arrangement between Fort Bend ISD and the approved off-campus establishments. Each establishment must meet all Fort Bend ISD's Off Campus PE guidelines, which include a list of basic requirements/responsibilities that have been determined by Fort Bend ISD and the Texas Education Agency (TEA). These requirements must be met and maintained to be eligible for participation in the program. Fort Bend ISD is excluded from the liability/medical expenses that may develop from the student's participation in the Off Campus PE activity including travel to and from the program.

Activities available through the Off-Campus Program are limited to activities that are not offered comprehensively through the physical education or athletic departments of the Fort Bend ISD.

An establishment can request approval to offer private or commercially sponsored physical activity programs in two categories. The establishment must offer programs that meet the following criteria to be eligible for approval.

CATEGORY I: A Category I activity is a private or commercially sponsored physical activity that leads to Olympic level participation and/or competition. These programs involve a minimum of 15 hours per week of highly intense, professionally supervised training. Students participating at this level will be dismissed from school during the PE period (usually first or last period of the school day). Students must leave the campus during this time.

CATEGORY II: A Category II activity is a private or commercially sponsored physical activity program as certified by the superintendent or his/her designee to be of high quality, well supervised by appropriately trained instructors, and consisting of a minimum of five (5) hours per week. The establishment provides a curriculum aligned to the Texas Essential Knowledge and Skills (TEKS). Students certified to participate at this level may not be dismissed from any part of the school day.
