

WORDS OF THE MONTH: CREATIVE & UNIQUE

Happy February!! This month we are focusing on the character traits **UNIQUE** and **CREATIVE**. Our Vikings will learn that being unique means appreciating what makes each person special, while being creative means using imagination, problem-solving, and new ideas to express themselves and overcome challenges.

Throughout the month, students will explore ways to celebrate their individuality, respect differences in others, and think creatively in the classroom and beyond. We encourage families to support this learning at home by talking with your child about what makes them unique and by providing opportunities for creative thinking through art, play, writing, and everyday problem-solving. Together, we can help our students feel confident, valued, and inspired to share their ideas!

Below are three stories you can share with your kids. Just click the story and listen with your kids. Celebrate their uniqueness and creativity.

SENDING LOVE CAMPAIGN

This February, as part of School Counseling and Random Acts of Kindness Week, Lakeview will launch a school-wide service project called the "Sending Love Campaign." This project supports our SEL work and connects to the FBISD Profile of a Graduate by giving students a real opportunity to practice empathy, kindness, and responsibility in a meaningful way.

Our Vikings will create cards and pictures for seniors living in care facilities and retirement communities ~ many of whom may not receive much mail or regular connection. Through this experience, students learn that small acts of kindness can have a big impact. It also helps Vikings see themselves as servant leaders who can use their time, talents, and words to bring encouragement to others.

If your family wants to include a senior care facility, we'll send them a big envelope with cards and pictures. Just fill out this [form](#), and our students will handle everything else. Please have the form completed by February 6th.
