

## Financial Assistance Application and Guidelines 2024-2025

**\*\*Fields in red must be completed. Incomplete applications will be denied.\*\***

A limited amount of financial assistance is available. Extended Learning does not guarantee that all applicants will receive assistance. **Once all funds have been disbursed for the year, no additional assistance will be available.**

### Overview

Fort Bend ISD Extended Learning attempts to assist as many families as possible with its financial assistance budget and to make sure the aid goes to families that demonstrate the most need. The budget is limited and is distributed on a first come, first served basis. The Fort Bend ISD Extended Learning Department is self-supporting. Its only source of income is the tuition and fees it collects. For this reason, the financial assistance budget must be strictly monitored each year and is limited.

### Foster Children

Foster parents may submit documentation of placement from the state in lieu of personal financial documentation. Foster parents will qualify for a reduced rate regardless of status. The registration fee for foster children may be transferable if the child is withdrawn from the program and another foster child enrolls in the program within the same school year.

### Deadlines

Complete applications and accompanying documentation must be received by the deadlines below:

Neither appeals nor second applications will be accepted to change the amount of assistance. If there was a change in circumstances from the first application, a second application will be accepted.
