- After clicking into the class, you will need to select the **Click Here to Register** link

- You will now be taken to a page that allows you to **create an account** or use an **email address and password to login to a current account**
  - After creating an account, you will need to select the participant from the following page. You may also **add a new person** if they are not currently set up in your account.
    - Note: The name of the selected participant MUST be the name of the person attending the course**
- In order to continue registration, you must answer all required fields before either clicking **Check Out** or **Continue Shopping** at the bottom of the Registration page
  - If you chose Continue Shopping to add additional registrations to your shopping cart, simply select the **Go To Check Out** button when you have finished all necessary registrations.
    - Note: Your shopping cart can always be found on the left side of your screen in the navigation bar.**
- At the shopping cart, you will need to verify all billing information for accuracy and select **"Complete Order"**
- Payment will be processed and a **Receipt** can be viewed and printed
- NOTE: You are now registered for the Summer Camp program. However, you still need to select the weeks your child will be attending in the Parent Portal.**
