FBISD 2022 Visual Arts Summer Studio: A Workshop on the Creativity Process

Overview

The Visual Arts Summer Studio offers students a unique opportunity to study, explore, and practice the creativity process through design thinking, inquiry, and research, prior to actually creating art. Current FBISD art educator(s) will work closely with students to introduce new techniques and media. Students will work in their sketchbook and learn how to do sustained investigation. Students will also have opportunities to practice how to conceptualize, analyze, and problem-solve. Come learn about the creativity process and investigative techniques as you create a collaborative AP Art and Design Learning Community for students and teachers.
