MISSION STATEMENT

- Our mission is to provide a clean, comfortable, and safe learning and working environment for FBISD students and staff.

RESPONSIBILITY

- We are responsible for maintaining FBISD facilities to the standard in which they were delivered.

Grounds

BEAUTIFICATION PROJECTS

- Fort Bend ISD is committed to providing a safe and pleasant outdoor environment at our schools.
- Per Design & Construction TDGs (Technical Design Guidelines) there are specific trees/plants that is allowed in these projects.
- We try not plant anything that is fruit bearing, has thorns, or attracts bees.
- When planting trees, we try to stay 20-30 feet away from sidewalks and structures. This distance allows the roots to grow freely without causing damage to nearby structures or impeding pedestrian pathways.
- You will also need to have the area surveyed for any underground water lines, electrical lines, gas lines and fiberoptic lines.
- The responsibility for watering the trees does not lie with the district. It is necessary for you to develop a maintenance plan detailing how and by whom the trees will be cared for.
