

# Procedures for Face-to-Face under Covid-19

*Self-quarantine is recommended for individuals who have been directly exposed to the new Coronavirus or have history of travel in infected or heavily populated areas.*

**#StopTheSpread**

## Bring your own water bottle

### Water fountains will be closed

*Students are encouraged to bring their own reusable water bottle to school each day. Majority of our water fountains are unavailable. If a need arises, we will accommodate.*

## Hygiene

Practice good hand hygiene by washing your hands with soap and water or using alcohol or hand sanitizer. Consider sending your student with a personal hand sanitizer. Each classroom will be outfitted with hand sanitizer, but it is always a good idea to have your own.

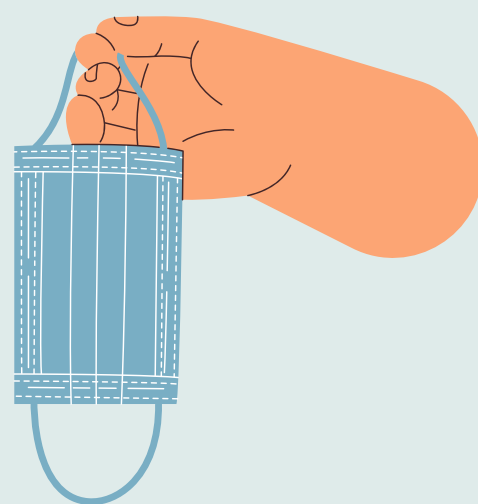

## Schoology Usage

We continue to rely on Schoology for most of our work. This allows us to pivot to online much more easily should we have to do so.

## Mask Policy

Masks are required at Austin HS/FBISD. Parents—please be sure your student has a mask and understands how to wear it properly. Masks must cover both the mouth and nose.

## School Supplies

If your student uses a textbook and/or other supplies for class, they should bring them to campus. This limits the use of shared items among students.

## Bring Your Own Device

Make sure your child brings their own device (**Laptop/Electronics**) and charger. If you have a battery back-up, they may want to bring it.
