September 11 – 17

Message from Mr. Glasper

Moving from an elementary school to a middle school is experienced by more than 88% of public school students as they begin the middle grades. This time of transition evokes a wide variety of emotions, behaviors, and concerns for both young adolescents and their parents. For many students it's considered a major stepping-stone on the road to becoming a young adult.

Message from Mrs. Moore

You have just finished 3 weeks of middle school. Yay! As always, I am here to help, listen, guide, and congratulate. If you need to see me, you can come by my office in 519 or use the QR code below.
