

5th Grade Reading Public Overview 2024-2025

This document is designed to provide parents/guardians/community an overview of the curriculum taught in the FBISD classroom. This document supports families in understanding the learning goals for the course, and how students will demonstrate what they know and are able to do. The overview offers suggestions or possibilities to reinforce learning at home.

Included at the end of this document, you will find:

- A [glossary](#) of curriculum components
- The content area [instructional model](#)
- [Parent resources](#) for this content area

At Home Connections

The following are suggestions for reinforcing literacy development at home. These ideas can be used throughout the school year. You will find additional ideas to reinforce learning at home within each unit below.

- Listen to your child read the books that are sent home from school
- Read books aloud to your child
- Talk about books together
- Go to the library
- Sing songs together
- Recite poetry together
- Talk with your child about a variety of topics
- Encourage your child to write for authentic purposes (such as writing a letter to family member, creating a grocery list, writing directions for how to do something)

Grading Period 1

Unit 1: Launching Reading Workshop

Estimated Date Range: 8/8/24-8/30/24

Estimated Time Frame: 17 days

Unit Overview:

In concept 1, *Readers Have Strong Reading Habits*, the lessons will focus on the routines of setting up reading workshop.

In concept 2, *Readers Set Up the Notebook to Write About What They Read*, the lessons will focus on setting students up for success to write about their reading. Readers will set up the reader's notebook, establish a purpose for reading, and begin to write responses text.

In concept 3, *Readers Read, Talk, and Learn with Other Readers*, the lessons will focus on establishing reading partnerships where students will discuss their thinking. In this concept, students will learn how and what to talk to their reading partners about.

In concept 4, *Readers Identify the Different Characteristics of Traditional Literature*, readers will be introduced to the characteristics that define traditional literature. Students will learn about the origins of traditional literature, as well as look into fables, legends, and myths. Students will also learn to track the plot of traditional literature.

At home connections:

- Ask your child to share their writing about their reading.

- Engage your child in a conversation about favorite books, with each of you sharing your favorite books, genres, authors, etc.

Unit 2: Fiction: We Analyze Characters to Interpret Theme

Estimated Date Range: 9/3/24-10/31/24

Estimated Time Frame: 37 days (25 Days in GP1 and 12 Days in GP2)

Unit Overview:

In Concept 1, *Readers Use What They Know About the Structure of Fiction to Analyze the Text*, students will learn the purpose and structure of fiction. Students will then dive deeper into elements of fiction by thinking about point of view, setting, plot elements, and word choice.

In Concept 2, *Readers Analyze and Grow Theories About Characters in Order to Think Deeply About Them*, students will build on the learning in concept 1, to go deeper into thinking about characters. Students will learn how to create theories about characters and learn different ways that readers infer about characters. As students learn more about their characters, they will grow or change their theories and support their thinking with text evidence. Readers will understand that characters’ relationships and conflicts influence the character.

In concept 3, *Readers Understand that Stories and Characters Relate to Real Life*, students will begin by analyzing character’s relationships. Students will learn that stories have multiple themes and will infer themes by thinking about the impact of the character’s relationships and conflicts. Students will learn to support the theme with multiple pieces of text evidence from the story and think about how the theme applies to their life. At the end of the concept, readers will summarize fiction text.

In concept 4, *Readers Identify the Characteristics of Drama and Use Them to Gain a Deeper Meaning of the Author’s Message*, readers will learn about the elements of drama.

At home connections:

- Read fiction books with your child, discussing their favorite characters and what makes the character their favorite.

- After reading a fiction book, discuss what the theme (or lesson) was for the story.

Unit 3: Poetry-Analyzing Author’s Craft

Estimated Date Range: 11/4/24-11/22/24

Estimated Time Frame: 14 total days

Unit Overview:

In Concept 1, *Readers Identify a Poem’s Form, Layout, and Language*, students will immerse themselves in poetry and notice the poetic elements, including rhyme scheme, sound devices, and structural elements. Students will then learn to recognize figurative language and imagery in poems.

In Concept 2, *Readers Analyze Craft in Poetry to Determine the Bigger Meaning*, students will build on the learning in concept 1, to analyze how the poet used craft techniques to determine the bigger meaning. Students will infer the poet’s purpose and point of view, and theme or message of the poem.

At home connections:

- Ask your child to share some of their favorite poems with you.
- Read poems with your child, discussing poetic elements you notice such as rhymes and stanzas.
- Read a poem with your child and discuss how it makes you feel and what words from the poem made you feel that way.

Unit 4: Reading to Learn—Determining Importance in Informational Text

Estimated Date Range: 12/2/24-12/20/24

Estimated Time Frame: 15 days

Unit Overview:

In Concept 1, *Readers Determine Importance When Reading Informational Text*, students will learn to determine importance when they read and then learn how text features help the reader determine what is important. Readers will use what is important in the text to help infer the central idea and support it with key details. Students will learn that texts have more than one central idea and will distinguish the central idea of the entire text from the central idea of each section/chapter.

At home connections:

- Work with your child to create a list of topics they would like to learn about. Check out books from the library on these topics.
- Read informational books/articles with your child and take notes on important information learned from the book/article.

Unit 5: Reading to Learn—Analyzing Informational Text

Estimated Date Range: 1/9/25-2/7/25

Estimated Time Frame: 21 days

Unit Overview:

In Concept 1, *Readers Analyze Author’s Craft When Reading Informational Text*, students will identify the text structure of the text, noticing that sometimes authors use more than one text structure within a text. Students will also analyze how authors

use text features and word choice. Students will use this thinking to infer the author’s purpose for writing the text and identify the author’s point of view.

In Concept 2, *Readers Understand Elements of Different Types of Informational Texts*, students will look at different genres of informational text, including biographies and literary nonfiction. Students will learn about the specific characteristics of literary nonfiction, including text features, structure, and literary qualities.

At home connections:

- Work with your child to create a list of topics they would like to learn about. Check out books from the library on these topics.
- Read informational books/articles with your child and take notes on important information learned from the book/article.

<p>Grading Period 4 Unit 7: Analyzing Multi Genres Estimated Date Range: 03/17/25-03/28/25 Estimated Time Frame: 10 days</p>
--

Unit Overview:

In concept 1, *Readers Analyze the Characteristics of Historical Fiction*, students will learn the characteristics of historical fiction, focusing on the setting, real event/person that makes the story historical fiction, word choice, and theme. Students will participate in historical fiction book clubs throughout the unit, analyzing these elements at a deeper level.

In concept 2, *Readers Compare and Contrast Ideas Within and Across Texts*, readers make text-to-text connections to deepen their understanding of texts. Students will continue to build on their learning and analysis of texts, as they make text-to-text connections between and across genres.

At home connections:

- Read several books on the same topic. Discuss ideas that are similar and different in the texts how they connect across genres.
- As you read books at home, notice how authors use text features, illustrations, and word choice to achieve their purpose.

<p>Unit Overview:</p> <p>In Concept 1, <i>Readers Analyze Text and Support Their Thinking with Text Evidence</i>, students will read all genres of texts. In this concept, teachers will deepen students’ understanding of text and review areas of need based on data. During small group time, teachers may be focusing on different genres with different students based on need. Students will make inferences and analyze elements of literary and informational text and support their thinking with text evidence.</p> <p>At home connections:</p> <ul style="list-style-type: none"> Read several books on the same topic. <p>Unit 9: Inquiry Clubs Estimated Date Range: 4/14/25-5/29/25 Estimated Time Frame: 31 days</p>		

Unit Overview:

In Concept 1, *Researchers Select and Narrow a Research Topic*, students will create their research notebooks and work to select their research topic.

In Concept 2, *Researchers Take Notes as They Read*, students will learn about primary and secondary sources, learn how to paraphrase to take notes in their own words, and learn how to organize their research. To help engage in understanding what is read, students will learn how to use context clues to understand new/unfamiliar words. At the end of the concept, students will look over their research and identify any additional areas that need to be researched.

In Concept 3, *Researchers Plan Their Research Project*, students will decide how they will present their information to others. Students will choose a purpose then a project that helps them to achieve their purpose. Then students will plan their project.

In Concept 4, *Researchers Prepare Their Research Project*, students will work to create their research project. Students will learn how to cite their sources and will prepare to present their project.

At home connections:

- Work with your child to create a list of topics they would like to learn about. Check out books from the library on these topics.
- Read informational books/articles with your child and take notes on important information learned from the book/article.

Parent Resources

The following resources provide parents with ideas to support students’ understanding. For sites that are password protected, your child will receive log-in information through their campus.

Resource	How it supports parent and students
Britannica School	This is an information resource for elementary students. It has encyclopedia articles, multimedia, primary sources, games, and other learning resources that support student learning.
TumbleBook Library	This online resource provides ebooks with audio.
How to Help a Child Choose a Book	This online resource provides tips on how to help your child choose a book.
How to Encourage Higher Order Thinking	This online resource provides tips on how to help your child choose a book.
How to Help Expand Your Child’s Vocabulary	This online resource provides tips on how to help your child expand their vocabulary.
Children’s Books and Authors	This website contains resources to help your child find books and get excited about reading.

Instructional Model

The Fort Bend ISD elementary language arts & reading curriculum is 100% aligned to the Texas Essential Knowledge and Skills (TEKS) and the science of reading. The curriculum is “balanced” in that it includes all the components of literacy – reading, writing, phonics, and word study while integrating listening, speaking, and thinking. All literacy components are necessary to build a life-long, successful reader and writer. By including all components of literacy, students gain the skills required to learn to read and read to learn. FBISD literacy curriculum and instructional practices are research-informed and in a continuous improvement cycle aligned with longitudinal, multi-year data as literacy instructional practices must be responsive to the differentiated needs of all FBISD students.

Interactive Read Aloud-Teachers model and guide students to use reading strategies and notice techniques that author's use in books that are above the students' independent reading level in order to prepare students for the strategies and skills they will need as they move through more advanced text.

Reading Block-During reading, the teacher teaches a mini-lesson on a strategy or skill. The student then practices the strategy or skill during independent reading. During this time, the teacher will conference with the student or pull small groups.

Writing Block-During writing, the teacher teaches a mini-lesson on a strategy or skill. The student then practices the strategy or skill during independent writing. During this time, the teacher will conference with the student or pull small groups.

Phonics and Word Study-During this time students learn phonics, vocabulary, and spelling rules and apply them to their reading and writing. Phonics instruction involves teaching the relationships between letters and sounds. During a phonics lesson, students might learn, for example, the sound for the letters "sh" or that some vowels can be short or long.

- Phonics instruction should lead to automaticity of reading words, allowing readers to focus on meaning. Automaticity is reading without sounding out and writing without having to stop and think about each letter sound.
- Phonics instruction begins each day with foundational skills, such as phonological awareness activities. Phonological Awareness is the ability to hear, identify, and manipulate sounds in spoken language.
- Phonics instruction begins with learning, practicing, and applying the Alphabetic Principle in the early primary grades. The Alphabetic Principle is the ability to associate sounds with letters and use those sounds to form words.
- Phonics instruction transitions into learning, practicing, and applying spelling patterns and word study and analysis.
- During and after phonics instruction, readers have opportunities to apply their phonics skills in reading and writing.
