

Resource Adoption: Health/PE

Fort Bend ISD provides an opportunity for community members and parents to review various instructional materials that have been considered for adoption based on the state cycle for instructional materials. During the 2021-2022 school year, the District reviews resources for implementation at campuses in the 2022-2023 school year. The Proclamation for this year is the review and selection of **Health & PE resources**. This flyer includes important digital access information for health and physical education instructional materials for consideration and survey links to our Digital Feedback Forms* to provide feedback on resource(s) reviewed. **FBISD's virtual public review and submission window are open through Wednesday, January 26, 2022.**

To access the Digital Feedback Form*, press Ctrl key and click on the link: [Digital Feedback Form \(English\)](#)

Para acceder al formulario de comentarios digitales*, presione la tecla de control y haga clic en el enlace: [Digital Feedback Form \(Español\)](#)

*Please note: One feedback form per resource reviewed.

*Tenga en cuenta un formulario de comentarios por recurso revisado.
