What Is Schoolology?

Teachers use Schoolology to post their classroom materials online; provide a safe forum for students to discuss their ideas and collaborate on projects; and to assign and collect homework electronically. It helps students stay organized and it keeps the class connected.

A Schoolology Parent Account gives you access to:

- The classes your child is enrolled in.
- Your child's upcoming assignments.
- School and class announcements.

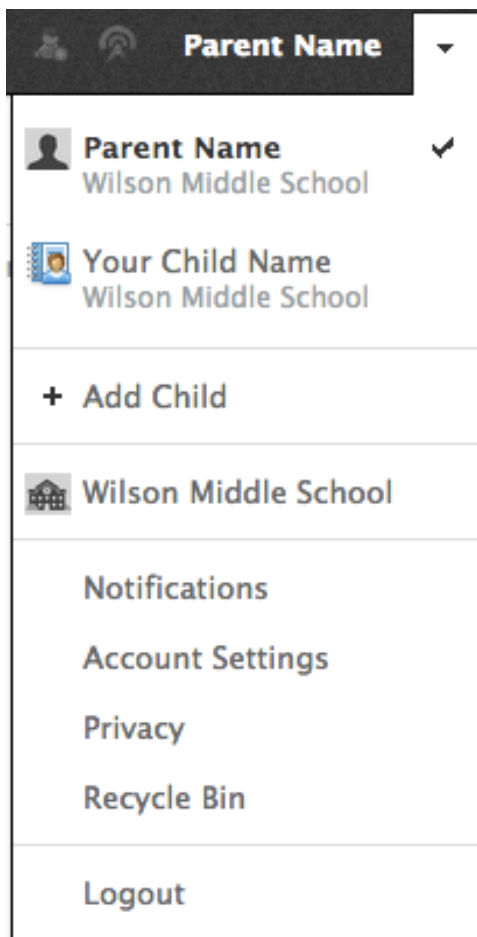

Schoolology makes it easy for parents to stay involved in their children's education.

Setting Up Your Account

The first time you log into Schoology, you may want to set up some of your account settings to make sure you get the most out of Schoology.

Parent accounts on Schoology are really like have two accounts in one. One is your own personal account, with your own name and information. This is connected to your child's account, which you can switch into to see Schoology how he or she does, and receive updates about his or her activity.

Start by clicking on the arrow in the upper-right corner, next to your name, and then select your child's name to switch into his or her account. The checkmark in this dropdown menu indicates which account you are currently in.

Notifications

Set up your Notifications to control how Schoolology contacts you about your child's school activities.
