# TEACHER CENTER OVERVIEW

The goal of the FBISD Teacher Center is to serve as a resource center for teachers and parent volunteers to create instructional materials to be used in the classroom. All items are designed to be made from start to finish in the Teacher Center using the resources and materials provided.

***NOTE: Children ages infancy through 12<sup>th</sup> grade are not allowed in the Teacher Center or left unattended in the Administration Annex Building.***

1. The Teacher Center may be used by any Fort Bend ISD employee or registered volunteer (VIPS). FBISD employee badges must be worn while in the Teacher Center.
2. Computers are available in the Teacher Center for individual use. Printing is available in the Teacher Center and is limited to 10 pages per teacher per day.
3. Duplicating/Copying at the Teacher Center is limited to word walls, center activities/games, and journal covers.
4. Users are encouraged to use the most economical method of creating items. See Teacher Center staff for suggestions and alternatives.
5. Outside items brought into the Teacher Center cannot be copied or laminated. Items not available at the Teacher Center may be brought in to enhance your projects.
6. Representatives of campus-sponsored clubs and parent organizations have access to the Teacher Center resources by paying an itemized fee for materials.
7. Items forgotten or left at the Teacher Center will be placed in the Lost and Found box and disposed of periodically.
8. In the evenings and on Saturdays, building access to the Administration Annex is limited to the Teacher Center only.

All copies duplicated and computer software used in the Teacher Center must comply with copyright laws of the United States.  
All images used in documents or posters must not be copyrighted or have a trademark.  
Users must comply with the established STRICT district guidelines for computer use.

# TEACHER CENTER GUIDELINES

# Teacher Center FAQ Sheet

1. Can I make copies and class sets of worksheets for my students?  
Outside materials cannot be brought into the Teacher Center for duplication – those items should be copied on your home campus. Copying at the Teacher Center is limited to word walls, center activities and games, and journal covers.
2. I always create a bulletin board with student work displayed. Each paper is mounted on laminated construction paper. Can I laminate construction paper and take it back to my campus?  
Laminating construction paper is for use with die cuts and other projects completed at the Teacher Center. Simply laminating construction paper for displays should be done on campus with campus resources.
3. Can I make placemats for our students for our holiday party and laminate them?  
No, this does not meet the instructional guidelines. You have construction paper and a laminator at your school that should be used for that purpose. You can make die-cuts at the Teacher Center to decorate the placemats, but the placemats need to be created and laminated on your home campus.
4. Can I make die-cut basketballs for our basketball players for the school lockers?  
Yes; since this is a school sport involving district students, you can make the locker decorations for the individual students.
5. Can I laminate a poster that I bought in a store or items I've created on campus?  
No, because each campus in Fort Bend ISD has its own laminator. You need to laminate those items on your campus.
6. My high school child would like to help me in the Teacher Center. Is she allowed to come to the Teacher Center and help me?  
Since we have so many different types of machines at the Teacher Center, safety of children is a key issue. For safety reasons, children of any age are not allowed in the Teacher Center or to be left unattended in the Administration Annex building.
7. The Teacher Center is part of Fort Bend ISD. Everything I make there is for my students. I am also a VIPS and an FBISD taxpayer. Why can't I come in and make everything the school needs?  
The Teacher Center operates on a budget, just like every campus and department in the district. In order to serve as many teachers and students as possible, we have set rules for intended use and limits on some items.
8. I asked my VIPS to make copies of a workbook for me. She told me that she was not allowed to do that. Why can't she?  
Some workbooks are copyright protected. The Teacher Center cannot violate U.S. copyright laws. Also note that the Teacher Center is no longer making copies of class sets, but has limited copying availability (see Question #1).
9. If I need to make a poster, do I have to create my master at the Teacher Center?  
No; as long as the original does not have copyright protection attached to it, you can scan your original to make a poster, or you can save it to your H: drive or flash drive and access it at the Teacher Center.
10. I need to print in color on the computer, and our campus is not purchasing color cartridges for our campus printers. Can I print in color at the Teacher Center?  
Color printing is available for banners, posters, Boardmaker, and buttons in the limits specified in the Teacher Center Guidelines. All other color printing is limited to 10 sheets (masters) per teacher per day. These limits are strictly enforced. Cardstock is available from staff for printing purposes.

Please feel free to call 281-634-2909 if you have questions about what can and cannot be made at the Teacher Center.

# **DIE-CUT LIST**

## **Legend Key to Die-Cuts**

**2 = 2 inch (Blue labels)**

**4 = 4 inch (Red labels)**

**7 = 7 inch (White/Red labels)**

**DC = Double Cut/Borders (Red labels)**

Die-cuts are listed in alphabetical order. Geometric Shapes are separate and are listed after the person, place and things die-cuts. All the sets, and the individual die-cuts that comprise the sets, are listed after the geometric shapes.
