Microsoft Office		
Minimum	**Recommended**	**Full Supported List**
Office 2003	Office 2010	Office 2003,Office 2007,Office 2010

- Skyward certifies our Web Applications to run on Safari, Internet Explorer, and Firefox. Skyward's Web Applications are tested and certified against the latest version or patch of the supported Operating Systems and internet browsers.
- We do not test the application against all available web browsers but standard W3C browsers such as Google Chrome should work. If any issues are found we ask that you please report this to customer support.
- Skyward does not support beta versions of Operating Systems or Web Browsers.
- 800x600 resolution required, 1024x768 recommended.
- For Internet Explorer users Skyward recommends a 3rd party spell checker add on such as iespell or speckie. All other supported browsers include an inline spell checker.
- All system requirements are subject to change based on product version.
