SWE has focused on student ownership of learning with a focus on clarity, feedback, goal setting, and reflection. ELAR teachers have implemented extensive instruction in phonics, and differentiated small group instruction was tracked all year. Math teachers have also provided differentiated small group instruction to students. Science teachers also attended Lead Forward Rockin' Review in Science for the second year. While reading slightly decreased in 4th and 5th grade, there was a 3% increase in 3rd grade. Both 3rd and 4th grade had an increase in math, although 5th grade decreased in both math and 11% in science. Overall in reading there were more students meeting the masters level, and math had 5% more students mastering the STAAR. Fourth grade reading outperformed the district scores, as did 3rd and 4th grade math.

### Student Learning Strengths

#### Evidence of Academic Growth

- Reading (3rd Grade): Improved by 3% (from 80% to 83%).
- Math (4th Grade): Improved by 3% (from 81% to 84%).
- 7% growth in 4th grade reading and 6% growth in 4th grade math
- Math performance remained stable overall (82% passing both years), but with 5% more students mastering the content in 2025.
- Reading mastery increased by 1%, even though overall passing decreased slightly.

#### Problem Statements Identifying Student Learning Needs

**Problem Statement 1:** Fifth grade science scores decreased by 11% this year.

**Root Cause:** Science is not emphasized and provided the same small group focus as ELA and math.

# School Processes & Programs

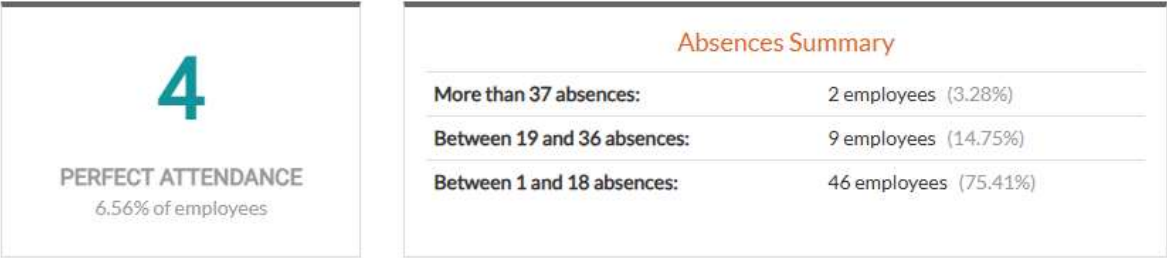

## School Processes & Programs Summary

SWE is a premier campus with strong emphasis on Teacher Led Small Group Instruction (TLSGI). SWE continuously provides professional development to meet the needs of teachers and students that align with campus goals. The leadership team- Administration, Counselor, and Specialists meet monthly to communicate goals and plan professional development. SWE is a host campus for many campus learning walks. Specialists attend all PLCs to communicate and plan with each grade level.

SWE teachers engage in monthly SST (RI) meetings to quickly identify and provide the appropriate supports and interventions to meet the needs of all students.

**Campus Attendance- YTD 95.2%** This is above the district goal of 95%, however the deaf hard of hearing and McKinney Vento students have significant absences that affect the percentage.

**Teacher Attendance-** Teachers have improved their attendance from last year.
