

# Dulles Computer Science Club

*"Java is to JavaScript as car is to carpet"*

*~ Someone probably famous*

# Who We Are

01

## The Basics

We are a group of individuals who strive to learn and spread a love of coding.

03

## Competition Wise

The Dulles CS Club has been known to do very well in many different competitions from UIL to USACO.

02

## Resources

We offer a variety of resources to help you in competitive programming and more!

04

## Projects

Many of us have cool personal projects that we like to work on when we can!

# What We Do

## Java Lessons

We cover important topics in Java and teach how to implement them in order to solve problems.

## Competitive Programming

We'll learn how to solve challenging problems for competitions!

## Create projects

CS will help you create your personal projects, whether it be games, websites, or blogs!

# If you ...

## love creative puzzles

*Computer science is filled with creative problems that require you to think out of the box.*

## like mathematics

*Many algorithms in CS require require proofs and a clever way of thinking, a skill set often developed in math.*

## want to make a personal project

*Interested in creating your very own blog, designing characters, or even creating a game?*

# ... then this is the club for you!
