

Message to FBISD Parents with students in grades 3-8 for the 2015-16 school year

June 14, 2016

Parents,

We learned on Monday, June 13, that the Texas Commissioner of Education has delayed reporting of STAAR grades 3-8 results. Originally districts were to receive results by Wednesday, June 15, 2016. Now, districts will receive results by Tuesday July 5, 2016. Additional checks will be put in place by ETS for data accuracy.

Fort Bend ISD did not experience system-wide issues with these tests, and the District believes that all results received are valid and accurate.

After the District receives the results by Tuesday, July 5, Fort Bend ISD will share the STAAR results by notifying parents the week of July 11.

For more information, please review the Frequently Asked Questions on the District's Department of Assessment website.

Dr. Philly Hill
Chief Academic Officer
